

Welcome to the AFNAFPO Contract Directory

This Nonappropriated Fund (NAF) Contract Purchasing Directory is designed to assist you in acquiring quality goods at reasonable prices for your NAF activities.

The Directory starts with listings of companies supporting the **Essential Products Program (EPP)** and the **Central Vendor Payment Plan (CVPP)**. The third section lists the companies by **commodity** and then all the companies are listed **alphabetically**. The terms and conditions necessary for ordering have been predetermined and are contained within this document. Price Lists can be viewed under the [Catalog and Price Lists](#).

Delivery orders may be issued against these contracts by any DoD NAF activity.

If you have any questions concerning the use of the contracts within this directory or how to issue a delivery order against the contract, contact the POC using the email link provided with each contract.
