NAVY ENTERTAINMENT PROVIDES QUALITY, LIVE ENTERTAINMENT TO OUR MILITARY MEMBERS AND THEIR FAMILIES STATIONED OVERSEAS AND ON DEPLOYED SHIPS AT SEA. WE PRESENT MORE THAN 300 SHOWS ANNUALLY AND ALSO ASSIST MANY OF OUR STATESIDE LOCATIONS WITH TALENT REFERRAL AND SHOW PRODUCTIONS.

Established in 1997, Navy Entertainment offers an experience that artists can't get in the commercial touring sector. Where else can you land on the deck of a U.S. aircraft carrier in the middle of the Persian Gulf and play a show for 5,000 screaming Sailors? With Navy Entertainment, you can perform in a hangar bay, fly on helicopters, ride in a rigid-hulled inflatable boat (RHIB), tour exotic locations, and, best of all, express your appreciation to all the men and women who sacrifice every day to preserve our freedom and the rights of others.

We partner with the USO and Armed Forces Entertainment programs to bring the largest number of shows to the most locations. With the Department of Defense (DoD) network of bases, U.S. Navy bases, NATO locations and deployed ships, we have over 270 military locations in the Pacific, Europe, Caribbean, Mediterranean, Southwest Asia and the Middle East.

Visit our photo gallery to see some of the outstanding talent that has come forward to serve our country by completing an entertainment tour for the military services. Our tour locations are some of the most beautiful and interesting places in the world. Bands, comedians, magicians, stage and television celebrities, chefs, professional athletes and Olympians are just some examples of those who have performed tours for our service members around the globe. All have been met with a very appreciative audience and made lifelong fans along the way.

Intrigued?

Let us take you there. Navy Entertainment's mission is to provide live, quality, professional entertainment to Sailors and their family members stationed overseas, with priority going to those personnel on deployed ships, in contingency operations and in remote and isolated locations. In case you aren't the adventurous type, we also assist Navy stateside locations with talent referral and show productions. Since 1997, Navy Entertainment has offered an experience not available anywhere in the commercial touring sector. Where else can you perform for 5,000 screaming Sailors in the hangar bay of a deployed aircraft carrier? Best of all, you have the opportunity to express your appreciation to the men and women who sacrifice every day to preserve our freedom and the rights of others.

How do I get to go?

Celebrities, musicians, bands, comics, celebrity chefs, Broadway performers, authors and professional athletes are just some examples of the talent we take on our tours. From a celebrity handshake tour – to autograph sessions, a workshop or special event – entertainers have many ways to interact with our military members and their families. We work cooperatively with Armed Forces Entertainment and the USO to bring quality entertainment to our service members serving overseas.

Anyone interested in touring should submit a press kit that includes a complete biography of members and positions of the group, a photograph, website URL, contact information, song list, equipment list, stage plot, a quality CD or DVD, and the length of the tour desired. We do NOT return any promotional packets. You can also send an electronic press kit to karen.fritz@navy.mil with the above information.
