Building the Leadership Pipeline of the Future

The L&M Role Progression Framework delivers leadership upskilling focused on manager development and career mobility so that leaders and managers may transform themselves, their people, and their organizations. [Download the content mapping here.](#)

Leadership and Management Credentials with Professional Certificates

Leadership and management skill development is a key priority for organizations, especially as we move into the AI Economy. Leaders and managers will need both human skills and AI skills to lead effectively for the future of work. With Professional Certificates from Microsoft and LinkedIn, your employees can upskill, assess skills, and share their earned credential all in one place.

The screenshot shows the LinkedIn Learning interface for the 'AI for Organizational Leaders by Microsoft and LinkedIn' learning path. At the top, it states 'Updated 3 months ago' and provides a summary: 'In this learning path, you'll learn how to make informed decisions about AI adoption and application as an organizational leader. You'll evaluate the business implications of generative AI and learn how to integrate AI into business strategy, lead responsible AI, build organization-wide AI aptitude, and drive long-term business growth in the age of AI.' Below this, four key objectives are listed: 'Plan for AI adoption and application in your organization.', 'Integrate AI into your business strategy.', 'Adopt responsible AI practices.', and 'Build organization-wide AI aptitude.' A 'Start Learning Path' button is visible in the top right. A Microsoft logo and text indicate the path is eligible for a Professional Certificate. The main content area lists six items in the path, each with a video thumbnail, course title, author, and duration. The items are: 1. 'Generative AI for Business Leaders' (57m, 52m 38s left), 2. 'How to Keep Your Team on the Bleeding Edge of AI Innovation' (49m, 11,514 learners), 3. 'AI Challenges and Opportunities for Leadership' (39m, 38m 53s left), 4. 'Integrating Generative AI into Business Strategy' (36m, 35m 43s left), 5. 'Build AI Aptitude in Your Organization as a Leader' (1h 5m, 1h left), and 6. 'Leading Responsible AI in Organizations' (39m, 38m 22s left). At the bottom, a section titled 'Earn Your Professional Certificate' includes a trophy icon and a 'Take exam' button.
